

July 15, 1953

Dear Amory:

Your help in giving me some preliminary advice on the sort of thing that might be said in the attached paper has been greatly appreciated. You will note that I have made full use of it. All other figures came from published sources.

The paper is required to be turned in to the Johns Hopkins people not later than July 25th. Would you be good enough to let me know if it contains any security violations so that I can keep myself out of trouble? I shall, of course, be speaking as a private individual with no connections with Government, and so take full responsibility on myself alone as to what I say.

Again with thanks, and wishing you all the best,
I remain,

Very truly yours,

L. C. Stevens
Vice Admiral USN (Ret)
